

May 22nd.

Dear John,

I think it is a good idea for you to stop visiting the house. Lately things have been getting out of hand and I definitely need some breathing space now that Stuart needs so much attention. I feel our relationship and the other things, maybe getting in the way of Laure's studies as she keeps getting upset at your presence around the house. I know you'll call this addressed postcard but I have to put my daughter's wishes above your opinions. I also feel that I need some distance from you - after the events of the last few days. I hope you will appreciate my wishes and not create any difficulties. You are free to collect your things whenever you wish. I would like to thank you for your support during these difficult times and especially the help you gave the children with their school work. All the best
Vanessa
